

First Nap

*Away from the metal
Away from the concrete
I lie in a bamboo hut
Only 'air' do I breathe*

*Away from the Vroooms
Away from the screams
I listen to the chirping
And see only Greens*

*Shall not I
Like birds and streams
Just follow my heart
And get my dreams?*

*Why can't I
Just let it be
When I know what stops me
Is just me?*
